

# COMPANY PROFILE

## ABOUT US

Since 1933 Lally has been the home of original New Secondary, Structural, Surplus, and Limited Service tubular products.

## WHAT WE DO

We offer cut-to-length, spliced-to-length, and random length tubular products from America's most extensive inventory. Lally has a broad range of tubular solutions. And we're one of the Greenest too.

## WHY US

Save up to 23% or more off domestic mill prices. Lally offers quick delivery from full-service yards in AL, AR, KY, OH, and TX. Need job ready material? That's not a problem. Let's talk.

## OUR SERVICES

- We offer essential services like beveling, cutting and splicing-to-length, attaching conical points and end plates, attaching Tapered Friction Pile ends, CNC threading, hydro testing, special end finishing, O.D. coatings, and I.D. linings.
- Lally also supplies rolled and welded Steel Casing Pipe, in sizes from 26" to 168" diameters, from stock and mill rolling.
